Calendar of Meetings and Events
March 23, 2020

IN VIEW OF RAPIDLY CHANGING COVID-19 ADVISORIES ABOUT PUBLIC GATHERINGS, IT IS ADVISABLE TO CHECK STATUS OF MEETINGS BEFORE ATTENDING.

NOTE: Links providing additional meeting information can be found on the CWAG Web Calendar at:

Friday, March 27, 2020
CONFERENCE POSTPONED! 8:00 a.m. – 3:30 p.m. - Water Resources Research Center’s 2020 annual conference, Water at the Crossroads: CWAG received this email from WRRC: Amid the growing concerns surrounding COVID-19, the disease caused by the novel coronavirus, the WRRC has decided it would be best to postpone our March 27th annual conference, Water at the Crossroads: The Next 40 Years. We want to make sure that we do all we can to ensure the health and safety of our participants. Although we are still working through the details, we will likely move the conference to late August 2020. Additional information about registration and potential refunds for those who are unable to attend in August will be forthcoming next week.
Thank you for your understanding.

Wednesday, April 1, 2020
12:00 p.m. - 1:15 p.m. WWRC Presentation: Learning from the Colorado River Conversations. Webinar Only. Speakers: Katharine Jacobs, Director, Center for Climate Adaptation Science and Solutions (CCASS) and Professor, Environmental Science, University of Arizona; Amy McCoy, Partner, Martin & McCoy. Over the past few years, the UA Center for Climate Adaptation Science and Solutions has hosted a series of events
aimed at broadening the conversation about managing the Colorado River. These included an assessment of interdisciplinary science needs, recognizing the complexity of river management issues; a conference soliciting input from water managers on the science agenda developed in the first event; and a conference organized around building relationships among entities and individuals with different perspectives on river management priorities. In addition, CCASS hosted a series of scenario planning workshops focused on exploring extreme "black swan" events. These conversations included participants from all seven basin states and Mexico, as well as tribal and environmental interests, NGOs, and federal agencies. More info and link to register for the webinar may be found at the CWAG Web Calendar listing for this event.

**LOCATION:** Webinar only.

**Saturday, April 11, 2020**

**CANCELED - 10:00 a.m. - 12:00 p.m. - CWAG Monthly Meeting. Conserve Water, Save Money with Rainwater Harvesting and Native Plants.** In mid-April, CWAG will determine whether it's possible to hold our regular May 9 general meeting with an educational program open to the public. Meanwhile, our committees and board are continuing to communicate as we monitor the coronavirus directives. We are still tracking governmental water meetings, whether online or face to face, and posting them on our web calendar and in our weekly email calendar. We are also posting every day on the CWAG Facebook page. Join us in the lively discussion taking place under those posts. We hope for the best for all of you as we all experience this extremely unsettling time.

**Tuesday, April 14, 2020**

**THE ARIZONA COOPERATIVE EXTENSION HAS PUT ITS EVENTS ON HOLD INDEFINITELY - Please check with them before attending.** 5:00 p.m. - 8:00 p.m. - **Well Owners Workshop — Yavapai County.** Do you have a private well? Do you drink your well water? Have you tested your well water quality lately? These are important questions that could impact the health and well-being of you and your family. The University of Arizona Cooperative Extension is offering a free workshop. You will learn about: geology and aquifers, regulation, well registration, well operation and maintenance, naturally occurring contaminants, when and how to sample well water, and home treatment options.
for your well. Presenters are Dr. Janick Artiola, U of A Cooperative Extension Water Quality Specialist and Mr. Gary Hix, Registered Geologist and past president of the Arizona Well Association. Workshop participants will receive water related publications at no charge.
Registration is required. Email lydiawatts@email.arizona.edu or call 928-445-6590 Ext 22.

LOCATION: Prescott Cooperative Extension, 840 Rodeo Drive, Freeman Building, Prescott

Saturday, April 25, 2020
